### Welcome, New User!

Go Create My Plan!

This network allows you to create, modify and store a personalized certification plan. To begin, tell us a little about yourself; we'll do the rest. You can further customize your plan by evaluating need assessments and preferences. Once your plan is complete, we will provide a list of certification resources meet the your certification needs. You can track also track your progress towards certification. Furthermore, as a registered user, you will have access to great Free Resources through this web site.

**Step 1: Create a New Plan.** With a little information from you, we provide you with a summary of certification requirements

**Step 2: Review Plan:** Your chance to review requirements and make any adjustments to progress you may have already made towards certification.

**Step 3: Select Options:** Review a list of resource options which fulfill the certification requirements.

**Step 4: Register for Courses / Request Degree Information:** You can either register online for individual courses, or obtain degree program materials for options that fulfill requirements. Additionally, supplementary reading material suggestions will be provided.
